

NUMERIC FUNCTIONS

Answer to each of the following SELECT:

1. Select power(4, 2) from dual
2. Select power(4, 0.5) from dual
3. Select sqrt(4) from dual
4. Select sqrt(121) from dual
5. Select ceil(3) from dual
6. Select ceil(-3) from dual
7. Select ceil(3.5) from dual
8. Select ceil(-3.2) from dual
9. Select floor(3) from dual
10. Select floor(-3) from dual
11. Select floor(-3.2) from dual
12. Select floor(3.4) from dual
13. Select mod(10,3) from dual
14. Select mod(15,3) from dual
15. Select round(745.126,2) from dual
16. Select round(745.126,1) from dual
17. Select round(745.126) from dual
18. Select round(745.126,0) from dual
19. Select round(745.126,-2) from dual
20. Select round(745.126,-1) from dual
21. Select round(745.126,-3) from dual
22. Select round(765.126,-3) from dual
23. Select trunc(745.126,2) from dual
24. Select trunc(745.126,1) from dual
25. Select trunc(745.126) from dual
26. Select trunc(745.126,0) from dual
27. Select trunc(745.126,-2) from dual

28. Select trunc(745.126,-1) from dual
29. Select trunc(745.126,-3) from dual
30. Select trunc(765.126,-3) from dual
31. Select abs(-2.3) from dual
32. Select abs(2.5) from dual
33. Select abs(3) from dual
34. Select abs (0) from dual
35. Select abs(-3) from dual

Write the SQL command to:

36. Display Oracle database employee last_name and salary for employee_ids between 100 and 102. Include a third column that divides each salary by 1.55 and rounds the result to two decimal places.
37. Display employee last_name and salary for those employees who work in department 80. Give each of them a raise of 5.333% and truncate the result to two decimal places.
38. Divide each employee's salary by 3. Display only those employees' last names and salaries who earn a salary that is a multiple of 3.
39. Divide 34 by 8. Show only the remainder of the division. Name the output as EXAMPLE
40. Use the DUAL table to process the following numbers:
 - 845.553 - round to two decimal places
 - convert 5332.342 to 5300.
 - convert 3.14159 to 3.14.
 - convert 73.892 to 73.8
 - convert 73.892 to 73.9
 - convert 86.678 to 86.68.
 - 30695.348 - round to one decimal places
 - 30695.348 - round to -2 decimal places
 - 2.3454 - truncate to two decimal places
 - 2.3454 - round to three decimal places
